The Nephrology Cook Book is online!

We are proud to announce the launch of the Nephrology Cook Book in collaboration with the National Societies of Nephrology; the project aims to bring some great-tasting food back to the renal diet, with the help of everyone in the renal community.

Discover the CEPD and Hands-on courses programme

The first day of the 58th ERA-EDTA Congress is devoted to CEPD sessions and Hands-on courses, including presentations and practical demonstrations by high value experts from all over the World. Visit the programme planner and start creating your personal educational journey!

A new CKJ Supplement is online

A new supplement on "COVID-19 and its impact on the kidney and the nephrology community" has been published on Clinical Kidney Journal (CKJ). It contains 6 top reviews, including the ERACODA project, where the authors face the impact of COVID-19 to the different nephrology topics. The CKJ supplement is readable open access.
Congratulations to the Winners of 2021 Awards!
