

	HALL PLENARY	HALL N01	HALL N02	HALL N03	HALL N04	HALL S01	HALL S02	HALL S03	Virtual HALL 1	Virtual HALL 2	Mini Orals Hall	Moderated Mini Orals
8:00 8:30	Congress Opening											
08.45 12.20		CME 1 Glomerulonephritis, vasculitis, autoimmune disease and Nephropathology	CME 2 Hypertension, diabetes, cardiovascular diseases in CKD	CME 3 Bone mineral disorders in CKD	CME 4 Haemo and Peritoneal Dialysis	Hands-on course Renal biopsy	Hands-on course US of AV fistula (morning course)	Hands-on course Vascular Access Catheter Placement (morning course)				
12.20 13.00	Break											
13.00 16.40		CME 5 Kidney Transplantation	CME 8 Basics of genetics for nephrologists	CME 6 Acute Kidney Injury	CME 7 Electrolytes and urolithiasis	Hands-on course Renal biopsy	Hands-on course US of AV fistula (afternoon course - replication)	Hands-on course Vascular Access Catheter Placement (afternoon course - replication)				
16.40 17.00	Break											
17.00 18.15	Welcome Ceremony + Welcome Plenary											
17.20	Exhibition Open											
18:30 20.00	Welcome Reception											

20
FRI

FRIDAY MAY 20, 2022

PROGRAMME AT GLANCE

	HALL PLENARY	HALL N01	HALL N02	HALL N03	HALL N04	HALL S01	HALL S02	HALL S03	Virtual HALL 1	Virtual HALL 2	Mini Orals Hall	Moderated Mini Orals
08.00 09.30	S 3.1 Innovations in pathology to support nephrologists	S 4.1 Renal and cardiac protection in diabetic and non diabetic CKD	S 7.1 Heart and Kidney: an insidious relationship	S 0.2 ERA Registry	S 6.3 Transplantation basic science	S 2.6 Inherited cystic and tubulointerstitial nephropathies: new genes, new mechanisms, new therapies	FC 34 Diagnostic tools for AKI and management	FC 24 Peritoneal Dialysis from bench to bedside	S 0.6 Beyond the basics of social media use: advanced social media tools for education	FC 8 Various aspects of cell biology & metabolism II	Mini Orals	
09.30 10.45	Mini-Orals & Break											MMO 1 Moderated Mini-Orals 1
09.45 10.45		ISS 1.1	ISS 1.2	ISS 1.3	ISS 1.4	ISS 1.5	ISS 1.7	ISS 1.6	ISS 1.8	ISS 1.9	Mini Orals	
10.45 11.30	Plenary Lecture 1											
11.30 11.45	Break											
11.45 13.15	S 0.1 Late Breaking Clinical Trials	S 7.3 Physical activities in dialysis patients	S 5.1 CKD arrhythmias and anticoagulation	S 2.1 Dignostics and therapeutic advances in paediatric nephrology	S 6.4 Histopathology and beyond in renal transplantation	S 1.1 Novel techniques novel insights into kidney function	FC 21 Classification of Chronic Kidney Disease	FC 4 Clinical aspects of tubular transport pathology	FC 13 New diagnostic and prognostic tools in IgAN	FC 28 Novel tools for transplant outcome prediction	Mini Orals	
13.15 14.45		ISS 1.10	ISS 1.11	ISS 1.12	ISS 1.13	ISS 1.14	ISS 1.17	ISS 1.15	ISS 1.16	ISS 1.18	Mini Orals	
15.00 16.30	S 0.7 Joint symposium ERA-SFNDT Artificial Intelligence in Nephrology	3.2 Genetics plus X: Innovation from combining technologies	5.2 Assessing quality of dialysis delivery	S 4.4 Drug discovery and repurposing	S 8.4 COVID, AKI and beyond	FC 29 Kidney graft loss - is it inevitable?	FC 32 Metabolic kidney injury	FC 14 Recent advances in the treatment of IgAN	S 2.2 Challenges in Paediatric Nephrology	FC 1 Covid-19 in 2021	Mini Orals	
16.30 17.30	Mini-Orals & Break											Fishbowl session: SGLT2i in CKD
17.00 18.30	S 0.2.1 Why nephrology needs target trial emulation	S 4.8 Progression in CKD: early detection and targeted prevention	S 1.2 Plasticity of renal cells	S 8.1 Upcoming innovations in Acute Kidney Injury	FC 30 Clinical outcomes in Transplantation	FC 5 Pathophysiology of the Glomerulus	FC 15 New advances in Lupus Nephropathy	FC 16 - New insights from clinical trials in ANCA - associated vasculitis	S 0.3 ASN Highlights	FC 25 Frailty and dialysis complications	Mini Orals	QF 1 Quick Fire 1-2-3
09.30 17.30	Exhibition Open											

21 SAT

SATURDAY MAY 21, 2022

PROGRAMME AT GLANCE

	HALL PLENARY	HALL N01	HALL N02	HALL N03	HALL N04	HALL S01	HALL S02	HALL S03	Virtual HALL 1	Virtual HALL 2		Mini Orals Hall	Moderated Mini Orals
08.00 09.30		S 3.4 Innovative technologies providing innovative insights: Kidney remodelling upon injury	S 5.3 Expansion of home therapies in Europe: desirable and possible?	S 0.4 2022 pearls of NDT and CKJ	S 4.6 Phosphate in CKD from bench to bedside	S 2.4 Bridging the gap between Genetics and Nephrology worlds: let's all become nephrogeneticists	S 1.4 Physiology of podocytes: clinical implications	FC 35 AKI mechanisms from promoters to inhibitors	FC 33 Clinical outcomes in diabetic kidney disease and CV complications	S 0.8 CKD in Europe, the voice of the patients		Mini Orals	
09.30 10.45	ERA General Assembly	Mini-Orals & Break										MMO 2 Moderated Mini-Orals 2	
09.45 10.45		ISS 2.1	ISS 2.2	ISS 2.3	ISS 2.4	ISS 2.5	ISS 2.7	ISS 2.6	ISS 2.8			Mini Orals	
10.45 11.30		Plenary Lecture 2											
11.30 11.45	Break												
11.45 13.15	S 4.2 Cachexia or protein energy wasting: what is new in CKD?	S 5.7 The CONNECT project: Cognitive decline in Nephro-Neurology: European cooperative target	S 6.1 Onconephrology	S 3.5 ANCA associated kidney vasculitis across lifetime	FC 9 Personalised Medicine	S 7.2 CV complications in dialysis	FC 2 Patient-reported outcome measures - Does it improve Healthcare?	FC 17 Predictors of outcome in ANCA - Associated Vasculitis	FC 27 New trends in CKD	FC 22 Treatment for CKD		Mini Orals	
13.15 14.45		ISS 2.10	ISS 2.11	ISS 2.12	ISS 2.13	ISS 2.14	ISS 2.16	ISS 2.15	ISS 2.17	ISS 2.18	ERAC Symposium	Mini Orals	
15.00 16.30	S 7.4 A farewell to hypertensive nephrosclerosis	S 5.6 Choice of RRT	S 3.3 New avenues in lupus nephritis	S 4.3 Is microbiota responsible for the uremic toxicity?	S 1.3 Tubular transport	S 8.3 Clinical aspects of AKI prevention and treatment	FC 10 Genetic screening for CKD	FC 31 Reno-protective drugs in Kidney Transplantation - Ready for prime time?	FC 18 Nephrotic syndrome from childhood to adulthood	FC 23 Covid-19 and Oxygen		Mini Orals	
16.30 17.30	Mini-Orals & Break												
17.00 18.30	S 5.5 CKD-MBD in ESKD – traditional and novel approaches	S 6.2 Immunocompetence in Renal Transplantation	S 3.6 Interferon: the link between viral and autoimmune nephropathies in children and adults	S 2.3 How to optimally prevent progression in ADPKD	S 8.2 AKI-CKD transition - is it inevitable?	S 7.5 Human urine as the window of renal disease	FC 6 Various aspects of cell biology & Metabolism I	FC 19 Gene and cell therapy. Come of age for the Nephrologist	FC 18 Sex differences in Nephrology - does it matter for patient outcome?	FC 11 Pediatric Nephrology		Mini Orals	QF 2 Quick Fire 1-2-3
09.30 17.30	Exhibition Open												

**22
SUN**

SUNDAY MAY 22, 2022

PROGRAMME AT GLANCE

	HALL PLENARY	HALL N01	HALL N02	HALL N03	HALL N04	HALL S01	HALL S02	HALL S03	Virtual HALL 1	Virtual HALL 2	Mini Orals Hall	Moderated Mini Orals
08.30 10.00	S 4.10 Targeting MR overactivation with Finerenone: a novel approach to kidney and cardiovascular protection in patients with CKD and T2D	S 4.5 Ageing in CKD	S 2.5 Pregnancy and the kidney	S 5.4 Supporting needs of older frail people considering dialysis	S 4.9 Mechanisms of hypertension revisited: implications for diagnosis and management	FC 7 Renal Tubular Cell Function	FC 26 Where are we now in the haemodialysis vascular access?	FC 12 The Promise of creating kidneys	S 4.7 Omics and kidney outcomes	FC 20 New insights into the Pathophysiology of GN II		
10.00 10.15	Break											
10.15 11.00	Plenary Lecture 3											
11.00 11.15	Break											
11.15 12.45	S 0.3 Nephrology Pearls											
Up to 12.45	Exhibition Open
