58th ERA-EDTA Congress: Pre-Press Conference on 'Late Breaking Clinical Abstracts'

ABSTRACT: The 58th ERA-EDTA Congress will be held on the originally scheduled dates of June 5-8, 2021, but in fully virtual form. Journalists can register and obtain full access to the virtual content. In a **press briefing on June 4 at 2.00 pm CEST**, experts will be informing exclusively and in advance about new data. **The information given in the press briefing and the press releases are placed under embargo.**

The Congress of the ERA-EDTA (European Renal Association and European Dialysis and Transplant Association) is Europe's biggest congress on nephrology and renal replacement therapy. Top specialists in the field, not only from Europe but from all over the world, are expected and will be sharing their knowledge and discussing the latest research findings. This year, the Congress will continue as planned on the originally scheduled dates of June 5-8, 2021, but in a fully virtual form.

A day before the Congress, **on June 4, at 2.00 pm CEST**, we extend a cordial invitation to a ZOOM Press Conference. Various international experts will report on their studies and will discuss the latest research findings and high impact papers. The information is under embargo until the study results are presented in the 'Late Breaking Clinical Trial' session on Sunday, June 6, 11.45-13.15.

The following speakers have been invited:
