LNDTA

Recent activity

- **Implementation of KDIGO guidelines on AKI, Renal anemia, Glomerulonephritis and CKD (translated into Lithuanian language, published, introduced during national conferences)**

LNDTA website

Our Association's new website has started on 2016. Since then, improvements have been made to get easier access to important information about LNDTA activities and upcoming events, cooperation with ERA-EDTA and other organisations, newest updates on relevant treatment guidelines for health care professionals and recommendations for patients with CKD, etc.

Improvements helped to rise website's attendance and community's activity in commenting essential events.
