## Networking

# Biomedical Alliance in Europe

## Take part in the survey on the availability of medical devices

Have you noticed that **certain Medical Devices are no longer available** for your patient care?

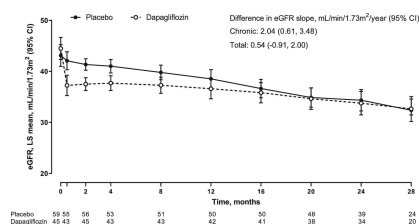

There are several reports highlighting that certain medical devices are no longer available on the EU market, and that **the problem will increase in the future**. Appropriate measures at EU level are thus necessary!

We kindly ask for your help by **anonymously filling out the survey**, developed by the BioMed Alliance in cooperation with the ESC, and **share your current professional experiences** in clinical practice. The results will help to gather more information on the extent of the problem and will serve as a basis for discussions with policy makers and stakeholders on this topic.

The survey is available until **September 18**.

**FILL IN THE SURVEY**

## Science

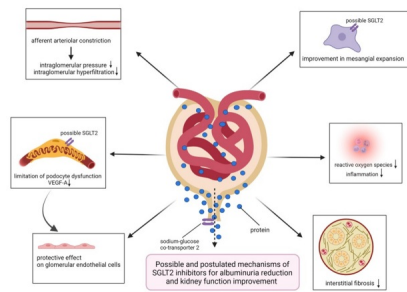

## Selected from the September issue of NDT!

The September issue of NDT is out and the Editor-in-Chief kindly selected the following article for you: *Safety and efficacy of dapagliflozin in patients with focal segmental glomerulosclerosis: a prespecified analysis of the dapagliflozin and prevention of adverse outcomes in chronic kidney disease (DAPA-CKD) trial*

**FREE ACCESS**

## New must-read CKJ Review!

Check out this interesting Review selected from our open access Journal CKJ: *SGLT-2 Inhibitors in Nephrotic Range Proteinuria: Emerging Clinical Evidence*
