**Short description of the Society (preferably no more than 2000 characters)**

Serbian Society of Nephrology was founded in Belgrade in 2008. It originates from Yugoslav Society of Nephrology established in 1975. First Congress of Serbian Society of Nephrology took place in Belgrade in 2010, and every two years thereafter. Other activities of society are organizations of schools of hemodialysis, peritoneal dialysis, transplantation and school of nephrology, and CME courses. Society has a website, where information about upcoming meetings and congresses, books and articles about news from nephrology are available. The website

allows interactive connection between all nephrologists in Serbia containing contacts of dialysis centers in Serbia.
